

2008 Verification Questionnaire and Manifest Fees Assessment Delayed

DTSC is briefly delaying the annual mailing of the 2008 Verification Questionnaire and Fees Assessment, in an effort to improve the quality of our customer service and increase the efficiency of our operations. DTSC is simplifying the documentation and streamlining the fee processing in an effort to reduce costs and provide improved service to our EPA ID and manifest fee payers. The verification questionnaire and fee assessments are typically mailed in early June, but the process improvement efforts have delayed the mailing until late summer or early fall. If you have questions, you may contact our Telephone Information Center at (800) 618-6942.
